

- **Police Brutality**
- **violence**
- **Police budget**
- **Police spy program**

Move down to learn more

The police in my country in ivory coast and the police in the U.S are really similar. They receive money from the government with a goal to protect the population but instead of protecting the population , the police brutalize the population.

WHAT DO YOU THINK OF THE POLICE BUDGET ?

LET'S HEAR IT

Are we wasting money or It
is helpful?

**LET'S HEAR
ABOUT IT**

**"AFTER MORE THAN 700 HOURS
ALOFT OVER THE CITY, JUST ONE
ARREST HAS BEEN MADE WITH AID
FROM THE PROGRAM'S IMAGERY
DATA, ACCORDING TO BALTIMORE
CITY POLICE DEPARTMENT (BPD)"
(CAVANAUGH, 2020)**

**WHAT DOES IT
REALLY MEAN?**

The Baltimore police said the main reason for having a spy plane is to locate and stop crimes, violence and robberies. The purpose of the spy program has never been to track protesters. But after more than 700 hours of spying only one arrest has been made. While the BLM protests have been really well recorded.

By looking at the number of arrest made by the police spy program we can see that the state government money is being wasted.

L'argent du gouvernement est entrain d'etre gaspillé par la police qui ne fait pas bien son boulot

BALTIMORE POLICE CAN'T BE TRUSTED TO PROTECT OUR PRIVACY

NO SPY PLANES OVER BALTIMORE

Should we defund the police?

During a six-month span in 2014, four separate police killings of African-Americans grabbed the country's attention. Eric Garner died after being put in a chokehold in New York, while Michael Brown in Ferguson, Mo.; Laquan McDonald in Chicago; and 12-year-old Tamir Rice in Cleveland were all shot.

(Leonhardt,2020)

Let's look at these stats about police killing in the U.S

Police killings by year in the U.S.

These statistics show us the U.S police killings between 2013 and 2019

After the unnecessary kill of these 4 African Americans made by police during their arrestation a statistic was presented to us

By looking at these statistics We could see that every year there are lot unnecessary killed made by police officers during arrestations which let us think that police officers do not do their job well

This is why people think we should defund the police.
