

# ARTICLE ANALYSIS QUESTIONS

1. What are the three most important pieces of information you learned from the article?
2. What strategies have been employed to combat the AIDS epidemic in the Palm Beach area? Which strategies seem to have been the most effective? Why?
3. According to Dr. Malecki, what should the role of public education be in the fight against AIDS?
4. Do you believe your school provides “a comprehensive, fact-based approach” in protecting young people from becoming “the next generation” of HIV/AIDS patients? Explain your response.

# TAKE A SIDE

From the perspective of \_\_\_\_\_

I believe it is the role of public education to educate young people about HIV/AIDS and how to prevent it because

From the perspective of \_\_\_\_\_

I believe the “abstinence only” policy is the strategy public schools should use in educating students about HIV/AIDS because
