

Research Organizations Featured in *Entangled*

Directions: The film *Entangled* features the opinions and beliefs of many organizations that are affected by the endangered North Atlantic right whale. Complete the first two columns of this chart before watching *Entangled*. After watching the film, write your responses to the question in the last column.

You'll notice two empty spaces at the bottom of the chart. You can use those spaces to add any organizations or communities featured in the film that you feel have been left out of this chart.

Organization	Organization's mission	Who is this group most dedicated to protecting? <i>(example: fishermen, animals, families, students)</i>	What is this organization's position on protecting the North Atlantic right whale?
The National Oceanic and Atmospheric Administration
