

**DBQ Outline**  
**Due: Wednesday, September 8th at 11:59pm**

<b>Prompt: <i>Given our history of racism in medicine and science, to what extent should people of color have trust and faith in the US healthcare system?</i></b>	
<b>Paragraph</b>	
<b>Introduction</b>	<p><b>Background</b> (the reader is smart, but needs a quick background on the topics you will write about)</p> <p><b>Thesis Statement:</b> (should be a CAR claim and directly answer the prompt!)</p>
<b>Body Paragraph #1</b> Focus on the historic and modern medical crises we learned about to answer the prompt.	<b>CAR Claim:</b>
	Context (Where, when, what was the Yellow Fever epidemic ?)
	Sourcing: (What important information should we know about the source and its author?)
	Evidence #1:
	Analysis: (Explain what the quote is saying and why it is important to your claim.)
	Context (Where, when, what is the Covid-19 pandemic?)
	Sourcing: (What important information should we know about the source and its author?)
	Evidence #2:
Analysis: (Explain what the quote is saying and why it is important to your claim.)	
<b>Body Paragraph #2</b> Focus on the Freedmen’s Bureau and the Affordable Care Act.	<b>CAR Claim:</b>
	Context (Where, when, what was the Freedmen’s Bureau/Affordable Care Act?)
	Sourcing: (What important information should we know about the source and its author?)
	Evidence #1:
	Analysis: (Explain what the quote is saying and why it is important to your claim.)
	Context (Where, when, what is the Affordable Care Act?)
	Sourcing: (What important information should we know about the source and its author?)
	Evidence #2:

	Analysis: (Explain what the quote is saying and why it is important to your claim.)
<p><b>Body Paragraph #3</b> Focus on historic and modern scientific racism.</p>	<b>CAR Claim:</b>
	Context (Where, when, what was scientific racism?)
	Sourcing: (What important information should we know about the source and its author?)
	Evidence #1:
	Analysis: (Explain what the quote is saying and why it is important to your claim.)
	Context (Where, when, what is modern-day scientific racism?)
	Sourcing: (What important information should we know about the source and its author?)
	Evidence #2:
	Analysis: (Explain what the quote is saying and why it is important to your claim.)
<p><b>Conclusion</b> Summarize your argument to the President</p>	<b>What arguments did you make in your essay? Why does your argument matter?</b>
