Environmental Injustices

"The screenshot I took of the smoke plume from the explosion is alarming. We need to address air pollution before it gets worse." #smoke #outdoor #pollution #factory

"The amount of garbage I see in the water makes me boil with anger. We need to take action NOW to clean up our rivers and lakes." #waterpollution #environment #cleanup

"The sight of litter scattered across the ground is a stark reminder of the impact our actions have on the environment. We must do better." #litter #garbage #plastic-be-gone

"My heart breaks seeing the once lush forest now reduced to a pile of cut down trees. The impact on our planet is devastating." #deforestation #nature
