

Name: _____ Period: _____ Date: _____

Go to the [World Health Organization](https://www.who.int) website and select “Countries”. Start with the United States, then click on the “Data and Statistics”. List down the data below and then do the same for Argentina and for Native Americans, use the link provided in the next page.

Data	USA	Argentina	Native Americans
Population			
Current Health Expenditure			
Life Expectancy at Birth			
Maternal Mortality			
Neonatal Mortality			
Family Planning			
Births Attended by skilled health personnel			

Which of the three groups has the highest Life Expectancy? Why do you think this is the case?

Why is it important to have an adequate budget for health?

How do you think a woman’s health affects the entire country when it comes to economy and productivity?

Imagine you are a reporter for this story, and you need to conclude your report by giving three concrete realistic actions to strengthen the health of Native American Women. List down your recommendations:

Population
