Here are the steps:

1. Walk around the room to read the writing samples posted by your classmates.
2. For each sample, write positive feedback on a yellow sticky note.
3. Write suggestions for improvement on a pink sticky note.
4. Make sure your handwriting is neat so your classmates can read your notes easily.
5. Place both types of sticky notes on every writing sample you see.
6. Be kind, supportive, and helpful in your comments.
7. Be on task.
8. Remember to look for evidence of climate change, rising global temperatures, challenges faced by delivery workers, and possible solutions
