

Example Comic

Sketch & Solve: Climate Change Comic Challenge

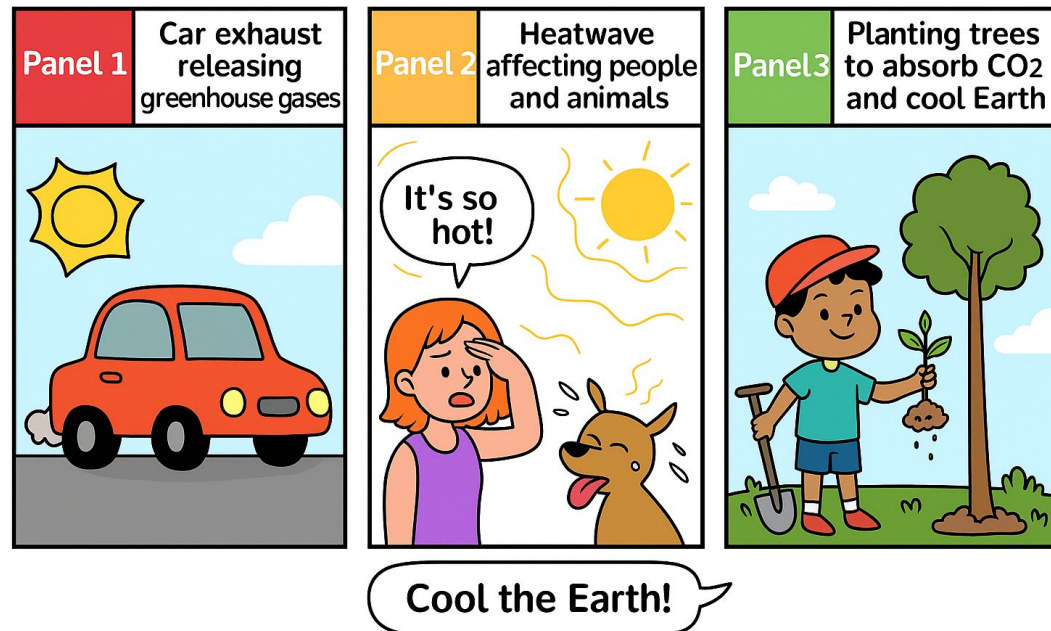

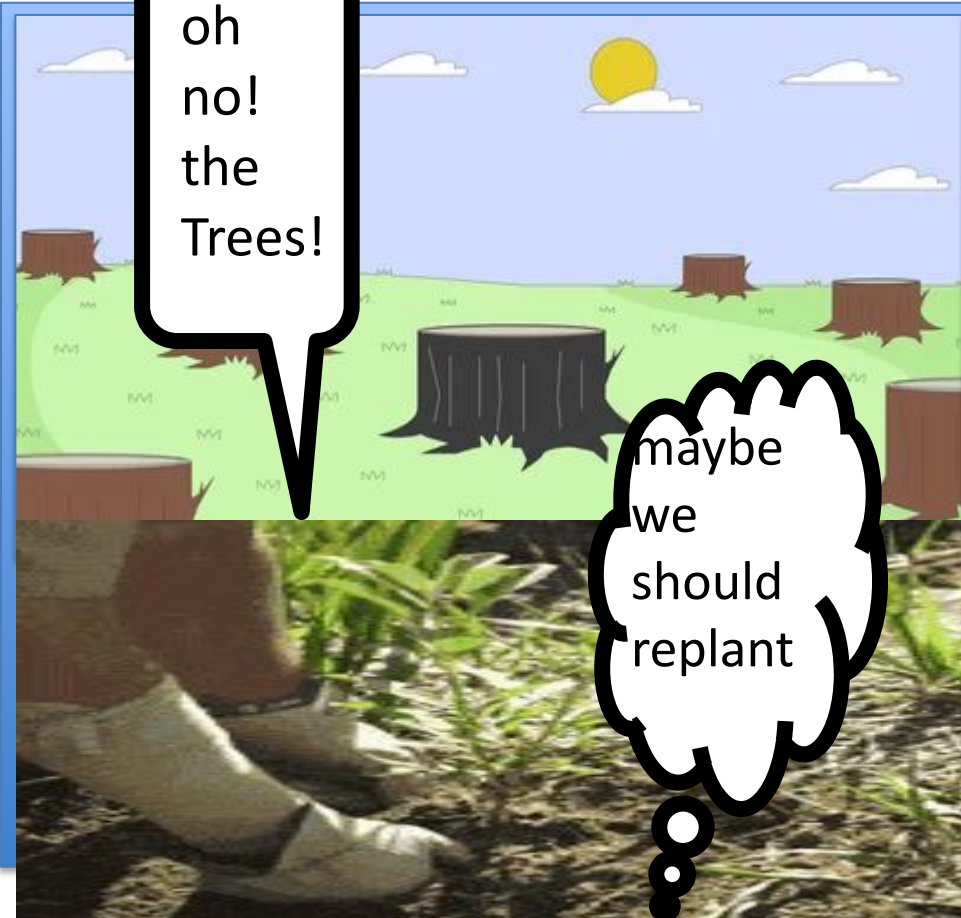

-  Draw 1 ****human cause**** of climate change.
-  Show the ****outcome or effect**** of that cause.
-  Add 1 ****idea to make it better**** (a solution).
-  End with a short ****slogan or message**** (e.g., "Cool the Earth!").
-  Be creative — use color, captions, and speech bubbles!

Example Comic

- Panel 1: 🚗 Car exhaust releasing greenhouse gases.
- Panel 2: ☀️ Heatwave affecting people and animals.
- Panel 3: 🌳 Planting trees to absorb CO₂ and cool the Earth.

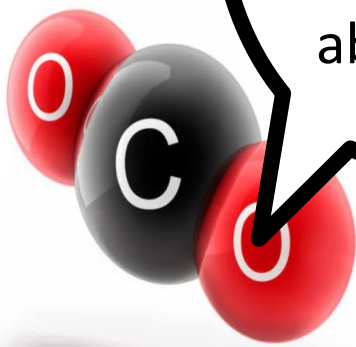

💡 Slogan: “Small changes, big impact!”

oh
no!
the
Trees!

maybe
we
should
replant

Now the
CO₂
has
nothing to
absorb it

“Chop less, breathe best!”
