Food Deserts

Stores and Their Accessibility

And for residents who for years had to travel long distances to buy food, it was a magical moment.

“Access to healthy foods and fresh produce is not just about groceries. It’s about justice,” declared Juliana Stratton, Illinois’ lieutenant governor,

-The Government Spends Millions To Open Grocery Stores in Food Deserts. The Real Test is Their Survival.

How our health is impacted:

Fortunately, our health isn't affected, but communities such as Cairo, Illinois. They are deprived of regular grocery stores and farmer's markets

How you can help with this issue:

Unfortunately, the average person can't solve this issue alone.

But...

Together with the help of your community and others, the government can handle this situation with proper care through actions such as:

- **Petitions**
- **Campaigns**
- **Public Announcements**
