

Multimedia Presentation Rubric

Criteria	Exemplary (4)	Proficient (3)	Developing (2)	Need Improvement (1)
Overview of the DRC's Geography & Conflict	Provides a thoughtful explanation of how these factors contribute to socio-political instability and conflict.	Provides a general explanation of its connection to conflict. Provides a limited description of the DRC's geography or omits key details.	Offers a partial or unclear connection between geography and conflict. Description is vague, missing, or inaccurate.	Fails to link geography to socio-political instability
The Maternity Ward Story	Includes meaningful quotes that highlight resilience and determination. Summarizes the article with some focus on the challenges.	Includes relevant quotes that reflect resilience. Provides a basic or incomplete summary of the article.	Quotes are included but may lack relevance or clarity. Summary is unclear, inaccurate, or missing.	Quotes are absent or irrelevant.
Resilience & Community Support	Demonstrates deep understanding of resilience. Explains how healthcare workers and patients show resilience, with some examples of community support	Offers a limited or unclear explanation of resilience and community support.	Examples are vague or incomplete. Explanation is missing or minimal.	Shows little understanding of resilience or community support.

Multimedia Integration	Effectively uses audio clips, video snippets, or quotes to emphasize key points. Integrates relevant visuals and multimedia that support the content.	Multimedia is mostly clear and enhances understanding. Includes some visuals or multimedia, but they may lack relevance, quality, or clarity.	Minimal or no use of visuals or multimedia.	Multimedia does not support or enhance understanding.
Organization & Presentation	Presentation is well-organized, with a clear and logical flow of information. Time limit (5-8 minutes) is followed. Slides/video are visually engaging and free of errors.	Presentation is mostly organized with a logical flow of ideas. Stays within or close to the time limit.	Presentation lacks clear organization or exceeds time limits. Slides/video may contain errors or lack visual appeal.	Presentation is disorganized, unclear, or incomplete. Slides/video contain significant errors or lack coherence.
