    A. Letter to my Senator Sample

<div align="right">Date: May 20, 2021</div>

Dear Senator Martwick,

My name is Wilma, and I am writing to thank you in advance for your support of HB3950. As my senator, I know that you will support this bill because it means that I will be able to learn after high school. This bill will allow diverse learners such as me to continue my education in post-secondary programs that meet my needs. I will have a chance to develop skills to live my life as independently as possible, work towards my career goal in daycare/ early childhood and continue to build my skills in following directions and working well with others.

I am also excited to go to school with my peers and do fun things together like other college students my age like art, music, and going out to eat with friends.

I need programs set up so that I can learn. Programs that offer me more time and clear directions. Right now there are not enough affordable options for people with intellectual disabilities such as myself. Many of the options that do meet my needs are very expensive and my family cannot afford them. I know that as my elected official, you care about all of the people you represent. That is why I am thanking you for being a proponent of HB3950 in the senate. Thank you for supporting me and supporting educational equity for all Ilinoisians.

Most Sincerely,

Wilma Albany

B. Student Profile: Letter to Senator

Hello! My name is Wilma Albany. I am a new student at Vaughn. When I leave Vaughn I would like to go to school to learn more about working with children. After school, I would like to work in a daycare center or help in a preschool or kindergarten class.

I love art, soccer, and going out to eat with my friends. Some of my strengths are working well with others and following directions. I need classes that give directions in small steps and classes that give me more time to learn new things in order to reach my goals.

I want HB3950 to pass so that I can take classes and get a good job working with children. I need help finding classes that are right for me. My family cannot afford to pay a lot for my classes so I am excited that HB3950 will help create free programs for me.

C. Letter in Support of HB 3950

Date: 5/20/2021

Dear Senator Aquino,

My name is William Castro, and I am writing to thank you in advance for your support of HB3950. As my senator, I know that you will support this bill because it means that I will be able to learn after high school. This bill will allow diverse learners such as me to continue my education in post-secondary programs that meet my needs. I will have a chance to develop skills to live my life as independently as possible, work towards my career goal in music and continue to build my skills in math.

I am also excited to go to school with my peers and do fun things together like other college students my age like playing music.

I need programs set up so that I can learn. Programs that offer me extra support. Right now there are not enough affordable options for people with intellectual disabilities such as myself. Many of the options that do meet my needs are very expensive and most families cannot afford them. I know that as my elected official, you care about all of the people you represent. That is why I am thanking you for being a proponent of HB3950 in the senate. Thank you for supporting me and supporting educational equity for all Ilinoisians.

Most Sincerely,

William Castro

D. Letter in Support of HB3950

Date: 5/21/21

Dear Senator Lightford,

My name is Jorge Castrejon, and I am writing to thank you in advance for your support of HB3950. As my senator, I know that you will support this bill because it means that I will be able to learn after high school. This bill will allow diverse learners such as me to continue my education in post-secondary programs that meet my needs. I will have a chance to develop skills to live my life as independently as possible, work towards my career goal of working in a zoo, and continue to build my skills with following directions.

I am also excited to go to school with my peers and do fun things together like other college students my age like learning about nature.

I need programs set up so that I can learn. Programs that offer me extra time and extra support. Right now there are not enough affordable options for people with intellectual disabilities such as myself. Many of the options that do meet my needs are very expensive and my family cannot afford them. I know that as my elected official, you care about all of the people you represent. That is why I am thanking you for being a proponent of HB3950 in the senate. Thank you for supporting me and supporting educational equity for all Ilinoisians.

Most Sincerely,

Jorge Castrejon

E. Letter in Support of HB3950

Date: 5/21/21

Dear Senator Harmon,

My name is John Thomas, and I am writing to thank you in advance for your support of HB3950. As my senator, I know that you will support this bill because it means that I will be able to learn after high school. This bill will allow diverse learners such as me to continue my education in post-secondary programs that meet my needs. I will have a chance to develop skills to live my life as independently as possible, work towards my career goals and continue to build my skills by working hard, never giving up, and following my dreams.

I am also excited to go to school with my peers and do fun things together like other college students my age like playing basketball.

I need programs set up so that I can learn. Programs that offer me extra help. Right now there are not enough affordable options for people with intellectual disabilities such as myself. Many of the options that do meet my needs are very expensive and my family cannot afford them. I know that as my elected official, you care about all
of the people you represent. That is why I am thanking you for being a proponent of HB3950 in the senate. Thank you for supporting me and supporting educational equity for all Ilinoisians.

Most Sincerely,

John Thomas
