help and join history that our black people  
did and they did it for us! so I'm asking you to  
help us spread this around! will you join us in our

# The Goodbye Said

I wake up in the morning to see the sun.

I say good morning to everyone I hear crying what's that sound? I go downstairs to see what it is.

I see blood on his chest I see some more on his neck.

I see him about to fall I start crying towards the wall I say where is everyone? Then I started to call 911 I see they taking him to the hospital.

They say he couldn't make it I say because he couldn't take it.

I see you laying in there with all the pictures sitting on the chair.

I see the funeral director lower the coffin, and then I stop crying I start coughing.

Save those tears for a sad cry all you have to do is say goodbye.

## David Jones

The Police should have let him speak he is a teen. What can a teen do to a grown-up they just wanted to kill somebody and why they arrest tamir brother for no reason. I feel like they just wanted to arrest someone and kill someone he's a kid. Why would you even kill a teen there fascist. he has a family just like you he had a mom he had a dad and a grandmother and a grandfather and the rest they all cared about him. they could have took him to the police station in ask him questions first then ask him for his mom or dad phone number. and he was only 12 1/2 years old and they killed him he wasn't even 20 yet. in they killed him they could have pointed the gun at him. why did he even have a gun thought?
